

#### Note from the Owner:

"I love the outdoors, speed, heights and off roading. I personally design and test all of our unique products by living the sport and experiencing its needs. My mission is to make every VDP product with exceptional quality and offer them at a resonable price."

**JEFF JACOBSON, OWNER, VDP**

## ABOUT THE OWNER

Jeff Jacobson is the owner of Jacobson Plastics and Vertically Driven Products located in Long Beach, California. Jeff attended college and went to work with his father, a sucessful inventor, after graduating. Jeff learned everything he could about desinging, manufacturing and marketing products. Since then, he has invented, patented and brought to the retail market a varity of products in various industries. He now has over 400 products that are being sold online, in catalogs and in retail stores. Jeff's focus continues to bring to market new and innovative products like his latest ones in this catalog.
